

Dear students,

The rules of your Hydraulics exam which will be held on Monday November 23th between 5 pm to 7 pm are as follows:

- 1) You have 4 question, which has own its duration, and uploaded **YTU online system (<https://online.yildiz.edu.tr>)**.
- 2) Each question must be solved and loaded to **the online system** in its own defined duration.
- 3) Please just use **handwriting** in your solution. Your handwriting and solution must be clear, readable and understandable.
- 4) Your **name, surname** and the **student ID** must be written on each paper that you will use during exam. And please **sign** also each paper.
- 5) While preparing your paper to upload to the online system, please **put your student ID card on any corner of your solution paper** without covering the solution, take the photo of the paper, and **save as PDF**. Your PDF file must be named as follows: theStudentID_YournameSurname_theNameOfQuestion. For example **1234567_MehmetOzturk_Q1**.pdf Then upload this PDF file to the online system.
- 6) Please **also email each of your solution to the email account given below** in the given time for each solution. The emailed solution after the deadline of each question will not be evaluated.
- 7) If students communicate with each other and don't comply the procedures during the exam, procedures will be initiated in accordance with the university disciplinary regulations.
